COLLECTION/DISTRIBUTION OPERATOR-IN-TRAINING - SUMMARY

Learns maintenance and repair of wastewater collection systems, water distribution systems and wetlands facility by performing the following duties. This is a trainee level position and a bargaining unit eligible position.

ESSENTIAL DUTIES AND RESPONSIBILITIES, not necessarily in order of priority, include the following. Assigned job tasks/duties are not limited to the essential functions.

1. Provides excellent customer service to customers and business partners.
2. Performs maintenance/repair of wastewater collection and water distribution systems, including but not limited to, sanitary sewer line cleaning, CCTV inspections, manholes, mains, service lines, meters, pressure reducing stations, valves, fire hydrants and other related duties. This involves manual labor such as digging and excavating, often in extreme weather conditions.
3. Operates a variety of hand, power and pneumatic tools such as jackhammers, chain saws, pipe cutters, hydraulic units, compressors etc. Operates or assists in operating large equipment such as sewer line cleaning/vacuum trucks, CCTV truck, valve exercising unit and various snow removal equipment including loaders, blowers, sand trucks, etc.
4. May assist meter technician in various aspects of their duties
5. Documents and maintains records; completes paperwork as needed for work orders, personal time sheets customer service requests and computer data entry.
6. Fulfills "on call" requirements for a 7-day consecutive period, on a rotating basis; after completing the first level certification requirements.
7. As Operator in Training, will learn to perform duties outlined in Collection/Distribution Operator I job description.

8. Follows safety procedures and guidelines, which may include confined space, trenching/shoring and respiratory protection.
9. Performs snow removal at the District's facilities as assigned and fulfills Lead Snow Watch requirements for a seven day consecutive period during the winter months.

SUPERVISORY RESPONSIBILITIES

Occasionally may be required to coordinate projects or emergency responses.

QUALIFICATIONS To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

EDUCATION and/or EXPERIENCE

High School diploma or General Education Degree (GED) and one-year heavy equipment or pipeline experience preferred.

COMPREHENSION/COMMUNICATION SKILLS

Ability to read and interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals. Ability to write routine reports and correspondence. Ability to speak effectively with customers or employees of organization.

Effective communication skills required to participate in peer evaluations and feedback process used in all aspects of this work environment (i.e., staff meetings, training, evaluations, disciplinary actions, etc.)

MATHEMATICAL SKILLS

Ability to work with mathematical concepts such as probability and statistical inference. Ability to apply concepts such as fractions, percentages, ratios, and proportions to practical situations.

REASONING ABILITY

Ability to apply common sense understanding to carry out instructions furnished in written, oral, or diagram form. Ability to deal with problems involving several concrete variables in standardized situations.

CERTIFICATES, LICENSES, REGISTRATIONS

Possess a valid Driver's License and, within two years of employment, a valid Class B Commercial Driver's License with tanker endorsement. This position has been identified as a Safety Sensitive position and subject to random drug and alcohol testing. Ability to obtain within one year from date of employment OSHA compliant Fork Lift License and Nevada Flagger certification and attend a 10-hour OSHA construction safety class. Ability to obtain the following certifications within eighteen months from date of employment in this position: Grade I Collection Certification from California Water Environment Association (CWEA) and a Grade I Distribution Certification from American Water Works Association (AWWA) or other approved agencies. It is the employee's responsibility to maintain all required certifications and licenses and to report any changes to the supervisor.

OTHER SKILLS OR ABILITIES

Ability to work closely with others as a team in a self-directed work environment. Must be self-motivated and show a high level of initiative. Must be available for and able to assist on emergency callouts and to work overtime as required. Good computer and customer service skills; and ability to work courteously and efficiently with the public.

PHYSICAL DEMANDS The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. In compliance with applicable disability laws, reasonable accommodations may be provided for qualified individuals with a disability who require and request such accommodations. Applicants and incumbents are encouraged to discuss potential accommodations with the employer.

While performing the duties of this job, the employee is regularly required to stand; walk; use hands to finger, handle, or feel; reach with hands and arms; climb or balance; stoop, kneel, crouch, or crawl; talk or hear; and taste or smell. The employee frequently is required to sit. The employee must regularly lift and/or move up to 50 pounds, frequently lift

and/or move up to 100 pounds, and occasionally lift and/or move more than 100 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and adjust focus.

WORK ENVIRONMENT The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is regularly exposed to moving mechanical parts, fumes or airborne particles, toxic or caustic chemicals, outside weather conditions, risk of electrical shock and radiation from the sun. The employee is frequently required to work in confined space and is frequently exposed to high, precarious places and vibration. The employee is occasionally exposed to wet and/or humid conditions and flammables. May be exposed to blood-borne pathogens. The noise level in the work environment is usually very loud.
