WHY A COMMUNITY SERVICES MASTER PLAN?
• Complete the process communities go through every 10-15 years to assess existing services and plan for the future (last plan completed June 2000)
• Identify and plan for the future of community driven recreation activities and facilities in Incline Village and Crystal Bay
• Engage in a meaningful, balanced way to understand opportunities and issues and to guide recommendations
• Provide a road map for maintaining, revitalizing or expanding new or existing amenities to meet the needs of the community

BUILDING FROM PREVIOUS STUDIES:
• Tennis Center Facilities Assessment and Master Plan, August 2016
• Beaches Recreation Enhancement Opportunities Plan, February 2016
• Diamond Peak Master Plan, August 2015
