DATE: February 28, 2020

I. RECOMMENDATION

That the Audit Committee members make a motion to recommend that the Board of Trustees at their March 11, 2020 Board of Trustees meeting that the Audit Committee Chair be authorized to engage an independent expert for a sum not to exceed $35,000 to give an opinion and/or guidance on the issues raised by the Board of Trustees regarding the District's 2019 CAFR as well as guidance on accounting policies used in the preparation of the District's financial statements.

II. BACKGROUND

The Board of Trustees have several unanswered questions regarding the 2019 CAFR. It has been discussed at previous regular Board of Trustees meetings that a independent expert should review and give the Board guidance.

Subject: Receipt of the Incline Village General Improvement District Comprehensive Annual Financial Report, Fiscal Year Ending June 30, 2019; Trustee(s) Comments

Dear Ms. Langley,

Following are the comments from our Board of Trustees regarding the above subject matter.

From Trustee Peter Morris:

As an experienced business executive and owner but not an accountant by training, it’s been my experience over my career that in accounting there is often opportunity for difference in philosophy. Those who dislike the current CAFR report may have philosophical differences with the way IVGID has accounted for its inflows and outflows, but I rely upon the expertise and experience of our Director of Finance; that of our external auditors; plus, the history of our success in past audits and state submissions. Therefore, I believe this is a sound report. I can see nowhere has there been any intentional misreporting or deceptive intent. So with that said, I do not believe I have any issues with or concerns over the report.
From Trustee Kendra Wong:

I have no substantive comments regarding the CAFR and support filing the CAFR with the State of Nevada, Department of Taxation. All of my questions were addressed by the Director of Finance and General Manager prior to our meeting on December 11, 2019. As previously communicated to our staff, my comments primarily relate to clarity and consistency of wording throughout the document; however, I did not view this as a reason not to file the CAFR. Additionally, with a new Director of Finance joining our team, there is an opportunity for him to look at the document from a fresh perspective. I appreciate the work our Finance team and EideBailly have done to ensure we could file the CAFR with the State of Nevada, Department of Taxation in a timely manner.

From Trustee Matthew Dent:

As a fiduciary for the District we have responsibility to ensure that the financials, narratives, and supporting documents are accurate and complete. The purpose of the CAFR is to be transparent about the use of taxpayers’ dollars and provide a detailed account of how the funds were spent. Over the last several years we have raised questions in regards to the audited and unaudited portions of the CAFR. It was my understanding this year would be different and we would have written response to these concerns and the issues would be addressed.

Some of my concerns have been the following:

- Lack of oversight by the Audit Committee
- Treasurer of the Board is in name only and apparently the Director of Finance is actually the Treasurer
- Financial statements can be manipulated if costs are wrongly expensed or capitalized. An example, would be the capitalizing Master Plans that are nothing more than surveys and wish lists rather than expensing them.
- No oversight or opinion by the auditor when it comes to the Districts internal controls
- Only a few business days to review the CAFR when staff has it weeks in advance
- Inconsistent reporting – sometimes we report contracts or grants another times we don’t
- No oversight of managements representation to the auditors
From Trustee Tim Callicrate:

As the newly appointed Chair of the IVGID Board of Trustees, I am advising the Nevada Department of Taxation that I will receive, but I will not approve, the District’s 2019 CAFR. It is my understanding that the Department is requiring that the CAFR be submitted by January 31st, 2020. To meet this deadline, I am agreeing to the submittal.

I am also stating for the record that after reviewing the CAFR there are more than 14 errors along with potential errors in the Financial Statements and the Footnote disclosures. These errors appear in the audited as well as the unaudited portions of the 2019 CAFR. Many of these errors have been raised by other Trustees at the January 22nd, 2020 Board of Trustees meeting, memorandums sent to the previous Audit Committee Chair from our citizens raising concerns about the District’s accounting and reporting practices, as well as more recent communications with accounting and finance professionals in our community.

Of these errors I am citing, there are six which will require EideBailly to provide an opinion on whether the transactions follow GAAP, GASB statements and NRS statutes:

1. Change in accounting from Enterprise to Governmental funds for the Community Services and Beach activities
2. Punch Cards utilized
3. Central Services cost allocations for the Community Services and Beach Special Revenue Funds
4. Revenue recognition in Utility Fund for advanced billings
5. Reporting Recreation and Beach Facility Fees as General Revenues in Statement of Activities
6. Reporting Ball Field Grant as a receivable and a revenue item

The remaining issues relate to changes to the basic financial statements due to omissions, errors, and/or misjudgments by IVGID staff. These issues may not require the opinion of the independent auditor. However, the changes expected are material and the basic financial statements are required to disclose important transactions. We would expect EideBailly to accept changes that will ensure greater financial statement accuracy and more complete disclosures. These are the major items:

- Expensing Pipeline repairs and assessments
- Expensing Feasibility and Master Plan Studies
• Expensing the fire rehab costs to open the Mountain Golf Course Clubhouse for 4 months
• Cleaning up omissions on Carryovers and Contracts in Note 19
• Omission of leases
• An error in list of items in note 1 that do not match details
• Assigned fund balance has not been assigned to the GM
• Changing assigned fund balance to committed fund balance for outstanding contracts.

The District’s lack of Internal Controls is particularly troublesome. Although Management has represented in their letter of transmittal that the completeness and reliability of the financial statements rest upon a framework of comprehensive internal controls, there are no written policies or procedures available or reports on internal controls. A citizen and a Trustee have requested this documentation. It has not been provided by management or the former Audit Committee members.

Correcting the grammar, ambiguous terms, and numerous misleading statements will also have to be undertaken.

It would be preferable for the NV Department of Taxation to permit our Board and new audit committee to get this right before submittal, but as the Department will not grant us an additional extension we expect to restate the 2019 CAFR in the near future.

From Trustee Sara Schmitz:

As a newly appointed Trustees on January 14, 2020, I am writing to share my concerns related to the 2019 CAFR. My perspective, due to being newly appointed, is that of a parcel owner and taxpayer.

After members of our community investigated and reported inaccuracies discovered in the District’s 2016 CAFR submitted to the State, the CAFR was restated in 2017. At that time, EideBailly, our independent auditor found material weakness in the District’s internal controls over financial reporting (see attached memorandums dated November 30, 2016). Since this time, management has not reported on the changes made to address these deficiencies.

In a memo dated September 13, 2019, members of our community once again brought to management’s attention the inappropriate transfer of funds from the self-insurance (Workers Compensation) fund to the Utility Fund, Community
Services Special Revenue Fund, and the Beach Special Revenue Fund. The necessary corrections have been made, however this once again raises concerns regarding internal controls and financial oversight by the Board and the Audit Committee.

In November of 2017, the Audit Committee modified the Accounting, Auditing, and Financial Reporting Audit Committee Policy 15.1.0 reducing the required annual meetings from four times a year down to only once a year. In 2019, it was discovered the Board appointed Treasurer was not fulfilling his NRS stated responsibilities and had delegated the responsibility to the Director of Finance without Board or community knowledge.

Neither the Board nor the Audit Committee has been provided internal control documentation, policy or internal control procedures related to the District's financial reporting. It is not within the scope of work for the independent auditor to review and comment on the District's internal controls.

This lack of oversight and verification of internal controls has me concerned. I believe with the new General Manager, Director of Finance, and a new Audit Committee, the issues of internal controls and proper financial oversight will be corrected.

If I can be of further assistance or require anything else, please do not hesitate to let me know.

Best regards,

Susan A. Herron
District Clerk

Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Trustees
Incline Village General Improvement District
Incline Village, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Incline Village General Improvement District (the District), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, and have issued our report thereon dated November 30, 2016.

Internal Control over Financial Reporting
In planning and performing our audit of the financial statements, we considered the District’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified a deficiency in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and responses as Finding 2016-A to be a material weakness.
A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings and Responses  
For the Year Ended June 30, 2016

2016-A Preparation of Financial Statements in Accordance with Generally Accepted Accounting Principles  
Material Weakness

Criteria: Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. Properly reporting components of net position is a key component of an effective system of internal control over financial reporting.

Condition: Subsequent to the issuance of the June 30, 2016 financial statements, an error was discovered in the classification of net position for the Internal Services Fund in the Proprietary Funds Statement of Net Position.

Cause: An independent review of the financial statements, separate from the individual preparing them, is not performed.

Effect: The financial statements had to be restated to reclassify $325,642 of net position from net investment in capital assets to unrestricted.

Recommendation: We recommend Incline Village General Improvement District implement an additional level of review of the financial statements.

Views of Responsible Officials: Management agrees with this finding.
Auditor’s Comments

To the Board of Trustees
Incline Village General Improvement District
Incline Village, Nevada

In connection with our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Incline Village General Improvement District (the District) as of and for the year ended June 30, 2015, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statutes cited below. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District’s compliance with the requirements of Nevada Revised Statutes cited below, insofar as they relate to accounting matters:
