Hunters arriving after the noon draw **MUST BE** set and in the blind **TWO** hours before the end of the hunt day. Hunt Supervisor will direct late hunters as to where they can go so it will not interfere with hunters already in the field.
3. All members **MUST** sign in before entering the field, sign out at the end of the day, and record your daily waterfowl results before leaving the property. You must sign out and record the birds you harvested not your hunting partners.
4. All shooting must be from designated blinds or approved areas by the hunt supervisor. Hunting in closed areas is prohibited which is identified on the area map. The Hunt Supervisor must approve pursuing wounded birds into closed areas.
