Community Forum on Solid Waste Services
January 25, 2016
Introduction of District Staff and Trustees participating on the General Manager’s Committee for Solid Waste

We will present information on:
- Current Services
- Customer Comments
- Regional Service
- Service Options

Informal Q&A at the End of the Presentation
Refuse Service Types

• Residential Service:
  – Single Family Residential = 3,615 Users
  – Multi Family Residential = 559 Users

• Commercial Service:
  – Businesses/Hotels = 231 Users
  – Multi Family Residential = 3,571 Users
The current Franchise Agreement with Waste Management is for route collected solid waste which expires March 31, 2017.

Exclusions to Franchise:

– Household Hazardous Waste (HHW)
– Electronic Waste (E-waste)
– Transfer Station
– Construction and Demolition Debris
– Yard Cleanup Services
– Self-hauling of Excess Waste
– District Self-hauling
– Source Separated Recycling Through Private Hauler
– Recycling Donated to Non-profit
– Self-haul to Collection Site
Refuse collection is mandatory in Washoe County. Service shall not be less frequent than every 7 days.

Refuse for IVGID is required to go through a transfer station.

In 2010 Washoe County Health Department passed a new Ordinance mandating the County reach a 35% recycling diversion rate within 5 years.
2015 Solid Waste Tonnage

Route Collected Refuse – 5,495 tons

Route Collected Recycling – 1,163 tons
21% Recycling Rate

Route Collected Green Waste – 280 tons

HHW & E-waste at Public Works – 87 tons

Transfer Station Solid Waste Total – 13,480 tons

40% Route Collected, 60% Drop at Transfer Station
Current Service
Refuse curbside collection started in 1962 and has been a 50 year public-private partnership.

- 1 cubic yard weekly (Equal to 7-32 gallon trashcans) in homeowner supplied container or bear box, or 96 gallon tote with rental charge.

- House service for qualified disabled customers at no additional charge.

- Drop-off of 2 bags at Transfer Station is available 7 days a week, which is outside of the current Franchise Agreement. Waste Management currently provides this service at no cost to customers.

- Customer can self haul green waste to the transfer station or rent dumpster from a hauler.
Current Service Issues

• Human Errors
• Access to Garbage by Wildlife
• Public Safety – Break-ins
• Public Health – Trash Spills
• Blight
Customer Comments
Customer Comments
Residential Refuse

• Bear boxes should be required.
• Bear boxes should not be required.
• Standard totes should be wildlife resistant.
• I would like Collector to provide a tote that they warranty for damage during service.
• I do not want a tote that I have to store.
• I would like to be able to rent a wildlife resistant tote from the Collector.
• What will I do with excess refuse if my tote is too small?
Customer Comments
Residential Recycling

• Would like weekly recycling. I have more recycling than trash.
• Do not like having to use blue bags. I will not recycle because I have to buy the blue bags.
• Do not want a recycling tote that I have to store.
• I would like a wildlife resistant recycling tote.
• Why is the list of recyclable items different in Reno?
Customer Comments
Residential Green Waste Recycling

• Timeframe for green waste recycling is too short.
• I want an option for not having to bag green waste.
• I would like to be able to have curbside collection of green waste since I do not have a truck and/or trailer.
• I want to be able to put out green waste bags before collection day.
Customer Comments
Residential Customer Service & Billing

• Why can’t IVGID resolve my trash issue? I pay you for the service.
• Why does Waste Management have to approve a refund of a charge to my account?
• Why can’t I find refuse and recycling information on the IVGID website?
• I would like more information about trash and recycling procedures.
Customer Comments
Commercial Refuse

• Current wildlife resistant dumpsters are prone to human error.
• Customers have issues with illegal dumping when dumpster is unlocked.
• I bought my own Park Style dumpster. My rate should be lower.
Customer Comments
Commercial Recycling

• Recycling dumpsters are not labeled well.
Customer Comments

Commercial Green Waste Recycling

• Why is there not a curbside option for commercial customers to recycle green waste?
