# IN ORDER TO REDUCE PROPERTY DAMAGE FROM A WATER LEAK... REMEMBER TO TURN OFF YOUR WATER EVERY TIME YOU LEAVE!

Visit the winterization information on our website: [www.yourtahoeplace.com/public-works/water/winterization](http://www.yourtahoeplace.com/public-works/water/winterization)

## GOT PAINT?

Save yourself the hassle of scheduling an appointment to drop off half-empty paint cans; come get free paint drier packets from IVGID Public Works. We are now offering this product to our residential customers. Limit two per customer.

Just add the powder to latex or acrylic paint and stir. It accelerates the paint drying process inside the can. Once dry, the solidified paint can be safely disposed of in the trash.

When dry, latex paint is not hazardous waste, but is costly to dispose of when wet, so this paint drier option will provide a significant cost savings while still protecting District infrastructure and the environment.

Oil based paints and paint solvents are flammable and toxic, so these should always be brought in for proper disposal. You can schedule an appointment online at: [www.IVGIDHHW.org](http://www.IVGIDHHW.org) or call 775-832-1284.

## Receive up to \$100 BY REPLACING YOUR TOILET OR WASHING MACHINE

The first 100 applications for high efficiency appliances are eligible for one rebate per parcel, up to \$100 credit towards their IVGID utility bill.

High-efficiency appliances eligible for the rebate include WaterSense toilets using 1.28 gallons of water per flush, or Energy Star washing machines that have a water factor of 3.7 or less.

The rebate application is available on our website: [www.yourtahoeplace.com/public-works/water/water-conservation](http://www.yourtahoeplace.com/public-works/water/water-conservation)
