SPRING INTO ACTION: PREVENT IRRIGATION LEAKS!

As we welcome warmer weather, it's important to make sure your irrigation system is working efficiently and without leaks. Start by checking that all drains in your system are closed, including at the backflow assembly and control valve box. Once that's done, slowly turn on the system to allow water to fill it, but be careful not to rush this step. As the system is running, keep an eye out for any leaks—look for wet spots around sprinkler heads or any signs of dripping from the backflow assembly. If you find any leaks or broken sprinkler heads, make sure to repair them right away to avoid wasting water. A quick inspection can save you money on your water bill and help keep your system running smoothly throughout the season.

The Incline Village General Improvement District (IVGID) will hold a public hearing to discuss proposed changes to water and sewer rates, as well as updates to the fee schedule. The hearing will take place on Wednesday, May 14, 2025, at 5:00 PM (or as soon thereafter as practicable) in the IVGID Boardroom, 893 Southwood Blvd, Incline Village, NV. All users of IVGID's water and sewer services are encouraged to attend and participate. The proposed rate and fee schedule will be available for public review starting April 14, 2025, at various IVGID offices and on the website. Written comments can be submitted by email, mail, or fax. For more information, contact IVGID Public Works at (775) 832-1203.

HAD A BIG LEAK? GET HELP WITH HIGH BILLS

If you've had a water leak, you may qualify for a Leak Relief adjustment! To be eligible, your leak must be extraordinary, not due to negligence, and you'll need to submit your application with documentation, showing repairs were made, within 30 days of your billing date. If approved, you could receive a credit for up to two months of excess charges. To avoid future leaks, install a Customer Service Valve (CSV) and turn it off when you're away. This program is available once every five years per account, so take advantage if you've experienced a significant leak. For more info or to apply, visit our website or give us a call.

RECYCLE RESPONSIBLY: HOUSEHOLD HAZARDOUS WASTE AND E-WASTE STARTS SOON!

The Household Hazardous Waste & Electronic Waste Collection program is starting up again! Starting each Tuesday from Memorial Day to Labor Day.

This service is by appointment only, and appointments can be made starting May 13th. Be sure to schedule your drop-off by calling 775-832-1284 or visiting www.IVGIDHHW.org. It's a great opportunity to properly dispose of old electronics or hazardous materials cluttering your home!
