

Wetlands Hunting Program Workdays:

This year IVGID will be holding two Wetlands Hunting Program Workdays on Sept 12th & 13th 2026.

We will be starting work at 7:00am and ending at 3:00pm, both days.

The Wetlands area has different projects that need to be complete, this includes everything from stringing decoys to blind repairs and assisting with weed removal.

When you volunteer for 8 hours, you will receive a voucher that will allow you to participate in a one-time pre-draw or bring one guest. If multiple hunters present vouchers on the same day, they will draw against each other, before the regular draw.

If you would like to sign up or have questions, please call Steven at 775-690-4363.
