WELCOME TO FALL

As summer gives way to the beautiful colors and crisp mornings of fall, there is still plenty of time to enjoy all that Incline Village has to offer. Whether you're spending a day at the beach, getting out on the water, exploring our hiking trails, or simply enjoying the beauty of Lake Tahoe, fall is a wonderful time to experience our community.

It's also the perfect time to start getting ready for ski season. Have you purchased your Diamond Peak Season Pass yet? Don't wait — season pass prices increase on November 1!

As we look back on another amazing summer, I hope you, your family and friends created lasting memories at our many IVGID venues and facilities. From time spent on the golf courses and at the Tennis & Pickleball Center to days at the beaches and activities at the Recreation Center, our community has been busy enjoying the programs, services, and amenities that make Incline Village such a special place to live, work, and recreate.

Thank you to all of our community members who attended the Community Open House on August 25. We truly appreciate your time, engagement, and thoughtful input and feedback on the many projects, initiatives, and topics highlighted at the event. Your participation helps us better understand the needs and priorities of our community.

In this issue, we're highlighting several important Capital Improvement Projects that will help enhance our community for years to come. You'll find updates on the Incline Beach House, Championship Golf Course cart path replacement project, Snowflake Lodge, and Recreation Center HVAC projects, along with a look at recently completed improvements, including the Holman Family Bike Park and Skate Park.

We are committed to maintaining the high quality of the Incline Village Championship Golf Course. To ensure a safe and enjoyable experience for all golfers, we began a multi-season project on September 8 to replace the aging cart paths, many of which have been in service for 20 to 40 years.

This important project will help improve the overall condition, safety, and accessibility of the course while preserving the exceptional experience our golfers have come to expect.

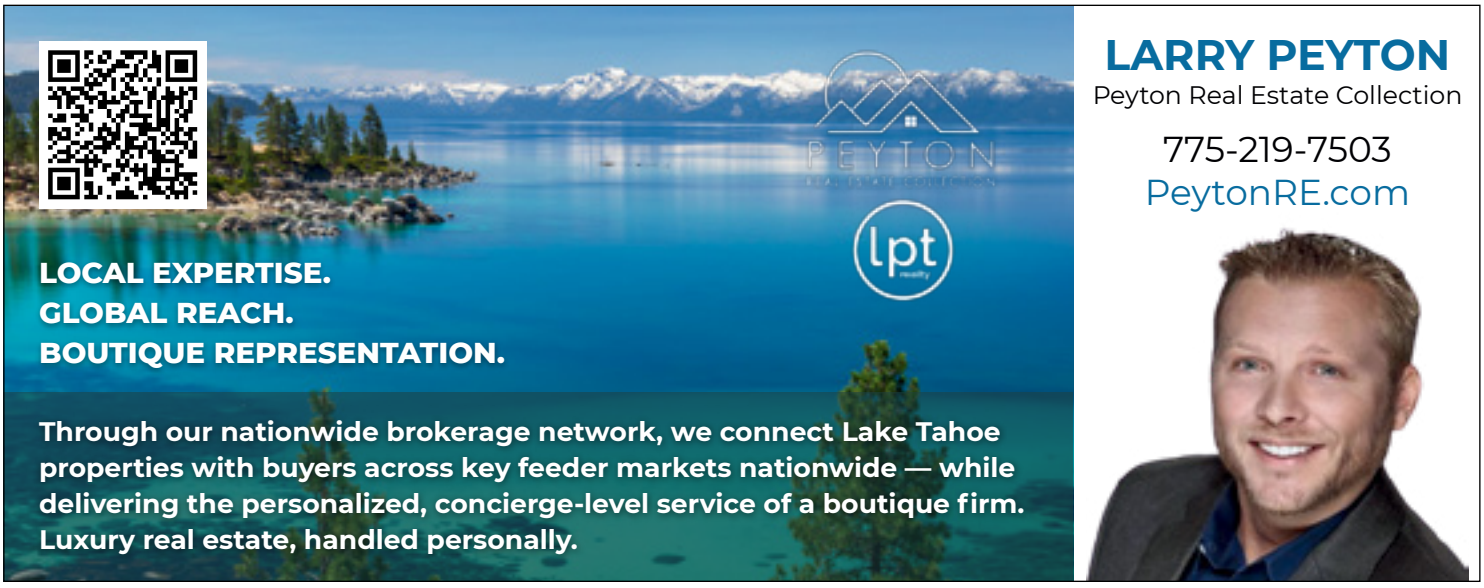

Thank you for being an important part of the IVGID community. Your participation, support, and enthusiasm are what make Incline Village such a wonderful place to call home.

Looking forward to seeing you this fall!

Sincerely,

Robert Harrison

Robert Harrison, IVGID General Manager

Community Cleanups

IVGID Waste Not organizes and promotes community cleanups in conjunction with The League to Save Lake Tahoe (Tahoe Blue Crew) and other local organizations. We would love to see our community and visitors out there helping to clean up litter on the slopes and around town at these events on September 19, 2026:

The Great Sierra Cleanup (Incline Village Recreation Center 9am-12pm)

Pollution Penguins/Diamond Peak Ski Team Cleanup (Diamond Peak Ski Resort, 9am-12pm)

Incline Village Community Picnic

The Washoe County Sheriff's Office invites you to attend the Incline Community Picnic at Aspen Grove and Village Green on Saturday, September 26, 2026, 10am - 2pm. Get ready for another fun-filled gathering with the Washoe County Sheriff's Office Special Units, Incline Community Resources, and free burgers and hot dogs!

Puppy Plunge

Celebrate the opening of off-season dog access to Ski Beach* at the annual Puppy Plunge on Saturday, October 17, 2026! Join us for exciting competitions and tasty treats, in collaboration with Pet Network Humane Society. **Ski Beach is a restricted-access beach for the use of IVGID Recreation Pass and Recreation Punch Card holders (with beach access), and their guests.*

Trail of Treats

The annual Trail of Treats & Terror is scheduled for October 29, 2026. Travel through the haunted forest, snap a family photo, and enjoy some spooky fun! Save the date, more details will be posted soon. Donations and volunteers needed!

War Memorial Ribbon Cutting

Join us for a special ribbon cutting ceremony at the newly-created War Memorial at Village Green on November 11.

CHAMPIONSHIP GOLF COURSE CART PATH REPLACEMENT PROJECT

On September 8, we will begin a multi-season project to replace the aging cart paths at the Incline Village Championship Golf Course. Much of the existing cart path system has been in service for 20 to 40 years and is in need of replacement. This important project will help ensure the course remains safe, accessible, and enjoyable for golfers for years to come. This project involves replacing existing asphalt cart paths and updating the underlying structural pavement. Visit the website for the estimated schedule, modified operations, and pricing adjustments.

LESSONS & CLINICS

The Incline Village Golf Academy, headquartered at the Incline Village Championship Course in North Lake Tahoe, is a cooperative approach to golf instruction that offers a wide range of private and semi-private lesson options, golf clinics, and custom club fitting services. We offer programs designed to involve people from all walks of life in the game of golf while supporting the PGA of America's "growth of the game" initiative. Visit the Golf Academy page at GolfIncline.com for prices, details, and upcoming clinic dates.

(from right) Local brothers Paul and John Wood, with Paul's daughter Ashley, at the Championship Golf Course on the 10th anniversary of their historic aces.

26-MILLION-TO-ONE ODDS!

The odds of two amateur golfers in a foursome each getting a hole-in-one on the same hole are 26 million to 1 according to the National Hole-in-One Association.

The odds of those two golfers being brothers, one of whom had hit an ace on the same hole 14 years prior while playing with the same brother… Unknown.

But for Tahoe residents Paul and John Wood, who pulled off the spectacular feat on the 14th hole of the Incline Village Championship Golf Course on August 19, 2016, beating the odds seems to come easier when they're playing with family.

10 years later to the day (August 19, 2026) and the back-to-back ace brothers reunited to play a round on the Championship Golf Course to remember that incredible event and pay tribute to their other brother Mark Wood who was there that day and has since passed away.

We host fun Season Pass holder Appreciation events and giveaways to show some extra love to the people who support us year after year. Details will be posted on the events calendar as well as emailed.

Stored Value (aka PassCash)

Load funds onto your Diamond Peak season pass to use at the resort. PassCash is a convenient option for children or those who don't like to carry their credit card with them on the slopes.

Note: Transferable Season Passes have additional restrictions. Customers who wish to upgrade to a transferable pass can do so by paying the difference in cost; please call 775.832.1177 to arrange for the upgrade.

SNOWFLAKE LODGE REPLACEMENT PROJECT

Snowflake Lodge at Diamond Peak Ski Resort is an iconic mid-mountain lodge offering panoramic Lake Tahoe views unrivaled in the Lake Tahoe area. Diamond Peak skiers and riders have enjoyed thousands of meals, après-ski beverages, and special events at Snowflake, and many have asked why we don't do more at the venue.

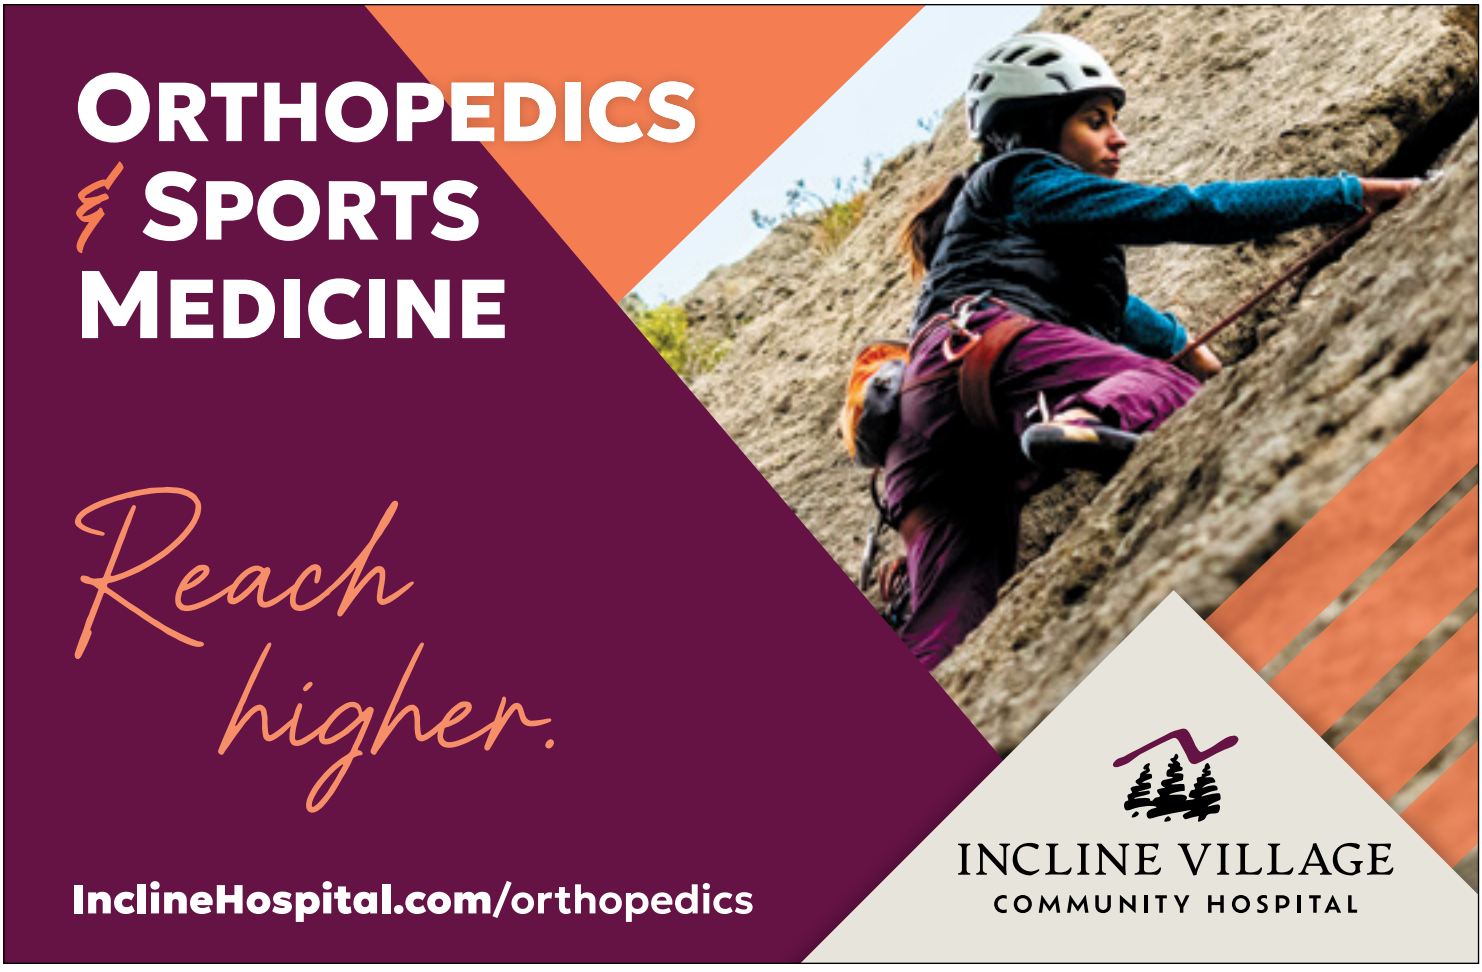

Renovations to the main Diamond Peak Base Lodge were last made in 2008; however, the Snowflake Lodge has never been upgraded since originally constructed in 1966 (other than the addition of more outdoor seating on the deck).

Where is the project in the planning/design/construction process?

On July 24, 2026, five architecture firms were selected for interviews as part of the second phase of a consultant selection process for award of a 30% design contract for the proposed Snowflake Lodge Replacement. The second phase of the selection process includes presentations by the consultants and an interview with the selection panel. The highest scoring consultant is expected to be recommended for contract award at the September 9, 2026 Board Meeting.

How can I provide feedback on the project?

Please utilize the IVGID Community Open House Public Comment Form on the YourTahoePlace.com website to share your thoughts on the project. All public comments will be forwarded to the resort managers and District engineering team that is working to refine the project.

Expanding Access to Care, One Community at a Time

Access to healthcare is essential to a healthy community, yet transportation challenges, seasonal weather, and distance from medical services can make timely care difficult for many individuals across the North Lake Tahoe region.

Thanks to the extraordinary generosity of our donors and community partners, the Incline Village Community Hospital Foundation is proud to partner with Tahoe Forest Health System to support the new Mobile Health Initiative—bringing high-quality healthcare directly to the communities we serve. This innovative program reflects a shared commitment to expanding access to care and ensuring more people can receive essential health services close to home.

The Mobile Health Initiative will provide preventive care, health education, and wellness services throughout Truckee, North Lake Tahoe, and surrounding communities. By partnering with local schools, employers, and community organizations, the mobile clinic will remove barriers to care, promote early intervention, and connect individuals and families with the services they need—where they live, work, and gather. More than a vehicle, it is a lasting investment in the health and well-being of our community.

Every philanthropic gift is helping create a healthier future by expanding access to care for our friends, families, neighbors, and visitors. Together, we are bringing care beyond the walls of the hospital—and into the heart of our community.

MAJOR CAPITAL IMPROVEMENT PROJECT UPDATES

Incline Beach House

August 2026 Update: Construction is progressing on schedule. All underground utilities have been installed, and the building's concrete slab has been poured. Vertical construction of the walls will begin next. Construction will continue throughout the winter, with project completion anticipated in July 2027.

HVAC Replacement Project Continues

While construction on the HVAC system is underway, you may notice changes in airflow, occasional construction noise, and other related building impacts. The project schedule has been extended due to unforeseen circumstances encountered during construction. Visit the project page for updates and the new anticipated completion date.

Skate Park Expansion is Complete!

The Skate Park is officially OPEN! The project opened in the first week of July. We're excited to welcome riders back to the newly expanded and improved Skate Park! A huge thank you to Spohn Ranch, Inc. for their outstanding work in completing this project ahead of schedule. Come check out the new features, sharpen your skills, and enjoy the upgraded space. We can't wait to see the community rolling in!

Yard Waste/Pine Needle Recycling

Fall Curbside yard waste collection will occur on your normal trash day each week, September 28 - October 30. Place properly stickered bags curbside by 7am on your trash day. Yard waste left curbside outside of this time frame is considered trash and subject to excess bag charges. Accepted yard debris includes: pine needles, pine cones, garden waste, small bushes, small twigs, small branches, wood chips, bark, and lawn trimmings.

Instructions:

- Place vegetative waste in heavy-duty bags and securely tie each bag.
- Please ensure that each bag does not exceed 40 pounds.
- Attach the current sticker to each bag.
- Place bags curbside for collection on your regular service day.

You can also drop off loose or bagged yard debris using the stickers at Incline Village Transfer Station. Loose drop-off is encouraged and reduces plastic bag contamination.

ICE SKATING COMING TO INCLINE VILLAGE?

In September 2025, the IVGID Board of Trustees authorized the General Manager to enter into an agreement with Incline Ice Foundation to accept a donation of an ice rink package to support future ice rink activities in Incline Village.

IVGID took ownership/delivery of the ice rink package, including a portable ice rink measuring 82 feet by 50 feet, clear plexiglass walls and doors, an electric ice resurfacer, 250 pairs of ice skates, rolling skate racks, skate lace area mats to cover 1,500 square feet, 25 skating aids, a skate sharpener, and a variety of miscellaneous equipment that supports skating.

The ice rink package is similar to the one that has been in operation in Tahoe City for the past decade. Given the success of that operation, Tahoe City is now looking to expand the ice rink in both size and programming.

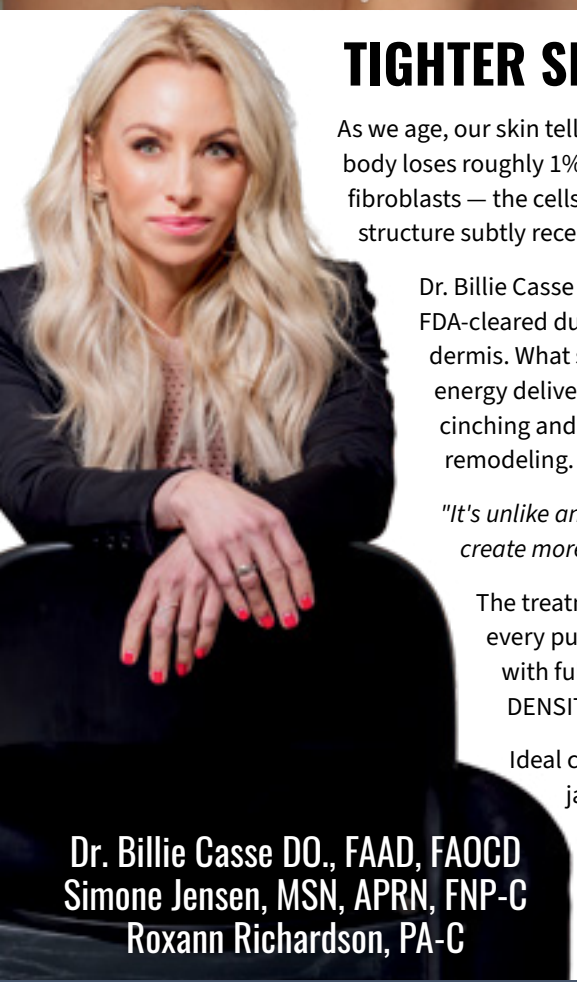

In order to bring winter ice skating online in Incline Village, several capital expenditures need to be completed, with early estimates totaling approximately $875,000, including:

1. Purchase of chiller to maintain the frozen surface
2. Upgrades to electrical transformer and distribution equipment
3. Site work at the Championship Course driving range

Given the competing demands for capital funding this fiscal year and the District's other long-term capital priorities, including the long-awaited upgrades to Diamond Peak Ski Area, the IVGID Board of Trustees deferred a decision on funding capital improvements for the ice rink until the Fiscal Year 2027/28 budget discussions next spring. In the interim, IVGID is seeking community support to help fund the necessary capital expenditures to bring winter ice rink activities to Incline Village.

IVGID is working closely with the Incline Tahoe Foundation, our community partner in raising funds for IVGID facilities to streamline the donation process. If you would like to make a donation to help bring winter ice skating to Incline Village, please contact the Incline Tahoe Foundation by scanning this QR code.

TIGHTER SKIN. NO NEEDLES. NO NUMBING. NO KIDDING.

As we age, our skin tells a story — one written in sagging, wrinkles, and hollowing. Starting around age 30, the body loses roughly 1% of its collagen each year. Old collagen and elastin accumulate in the deeper dermis while fibroblasts — the cells responsible for producing new collagen — slow down. Fat pads diminish, and even bone structure subtly recedes. The result? The sagging and laxity so many patients want to address.

Dr. Billie Casse is excited to offer a solution: DENSITY by Jeisys, here from Korea — a next-generation, FDA-cleared dual radiofrequency device that treats the full dermal layer, from the papillary to the reticular dermis. What sets DENSITY apart is its unique combination of sequential monopolar and bipolar RF energy delivered. in a single pulse. Bipolar RF targets the superficial dermal layer for that immediate cinching and tightening effect, while monopolar RF penetrates deeper to trigger long-term collagen remodeling. The result is up to five times more collagen stimulation than traditional RF devices.

"It's unlike any other device out there," says Dr. Casse. "We can actually treat the entire dermal layer and create more collagen and elastin. Patients just love it!"

The treatment is comfortable — thanks to five adjustable levels of cryogen cooling integrated into every pulse — and requires zero downtime. Patients often notice an immediate tightening effect, with full results continuing to develop over three to five months as new collagen is synthesized. DENSITY is safe for all skin types and skin colors.

Ideal candidates are anyone beginning to notice early sagging — whether it's softening along the jawline, jowls, marionette folds, or difficulty applying makeup around the eyes due to hooding. Dr. Casse's favorite treatment areas include the lower face, neck, and the delicate eye region.

Curious? Call to schedule a consultation and find out if DENSITY is right for you.
